

INFORMATION

This service has been subsidised by the Government of South Australia to make travelling affordable.

Northern Passenger Transport Network is only a booking agent for this service. If you are providing feedback regarding this service, call Port Pirie Bus Service on 8632 2666.

Getting on at the bus stop allows the bus to run smoothly and on time. We ask that all passengers make the effort to attend the pick up locations located on the back page of this brochure. Stops have shelter for most weather conditions.

If you are cancelling your seat, it is important to either ring the office or the bus driver on the phone number provided on the front. This leaves a seat for someone else who may require a ride.
